## 13 reasons why

resources for young people and parents

### 13 Reasons Why - Series 3

13 Reasons Why is a fictional drama series that tackles tough real-life issues experienced by teens and young people. Following the global impact of 13 Reasons Why, **headspace** has created safe and informative resources for young people and parents.

These resources are designed to ensure young people and parents have the information they need, in order to have safe conversations, to be aware of potentially distressing content, to make decisions about whether or not to watch the series, ways to respond appropriately to each of the difficult and touch themes, and to know how to seek support if necessary. Not everyone who watches the show will find the content distressing as it will depend on their individual life experiences and current circumstances, but for those who are concerned information is available.

The discussion guides for Parents and Young People can be found at [www.headspace.org.au/13reasonswhy/](http://www.headspace.org.au/13reasonswhy/)
