CLASS OF THE YEAR 20 *Week*

This week we have been learning more about multiplication in the classroom and how it relates to the real world. We have explored the two, five and ten times table by using word problems. We decided to use concrete objects to help us with the working out. We worked out that there is a lot of repeated addition used in multiplication.

FROM THE Principal

It is part of human imperfection to be stressed out at times and I have my fair share. When stressed, I find it a help to switch to thinking about Mary, the Mother of God. What a stressful time she faced when asked to be the mother of the Messiah. She knew enough about Jewish history to realise the hardships that this would entail, with the added worry of being a young unmarried mother in a country town and with her fiancé, Joseph knowing nothing of the miraculous side of the pregnancy.

If we only note her simple, trusting consent, we are missing out on half the drama. Early in the scene, the angel assured her 'the Lord is with you' and this was fresh in her mind. So Mary's 'yes' is conditional on God being with her. Mary ignored all of those stressful possibilities because she was under God's protection.

God is also with us all. We do our best; we make the decisions we believe to be correct and live with those decisions. Sometimes those decisions carry with them a certain amount of stress, as do the consequences. We should always place our trust in God our heavenly Father and let him into our lives to help us handle the stress and worry.

After all, *What god is so great as our God!* sings the ancient Hebrews song of praise. (Ps 77: 13)

PREVENT PRE-CHRISTMAS BURNOUT! | At this time of year, many in our school community are feeling overwhelmed by work, family and caring for ageing parents. [A recent Australian survey](#) found one in three women don't have enough time for themselves. (And dads are also stressed!) This makes calm and consistent parenting more difficult.

It may seem like there's no time to do the Triple P – Positive Parenting Program, but it can help daily routines run smoothly, help you enjoy parenting more, and even help you find "me-time". (Taking care of yourself as well is one of Triple P's Five Key Steps To Positive Parenting.)

A range of Triple P programs are free to all parents and carers in Queensland. Go to www.triplep-parenting.net for more information.

ACROSS THE Curriculum

Swimming Carnival | Our annual swimming carnival is on Monday the 19th of November (Week 7). The event this year will be a daytime carnival with events commencing at 9am sharp. Our nomination was different this year as we went online with it. We are also using a sports tracker app to record the results and run the program.

Parents will be able to drop students off directly to the pool on the morning of the carnival from 8:15, where teachers will be supervising. If students catch the bus we will organise with the bus companies to have them dropped off at the high school, where teachers will wait to walk them up to the pool. We ask parents to also notify their bus company, to give permission for their child to be dropped off at Sarina High School on this morning. There will also be a group of teachers walking students up to the pool from St Anne's. These teachers will leave to go to the pool at 8:20am sharp, so after that time students will need to be dropped directly to the pool by their parents. In the afternoon, we will return to school before the end of the school day and students can be collected by car or catch the bus home from school as normal.

A roll will be taken once in the morning and again in the afternoon. If you are taking your child home with you then you will need to get their name checked off the roll before leaving.

Students are to sit under their house tents and will remain there for the duration of the carnival. This is a student safety requirement and will assist us when marshalling for events. It also ensures that students do not miss their races. These tents will be set up on the High School side of the pool. Parents will have the covered shaded area on the hill. You will need to bring a chair or mat, as there are no seats in this area.

The P & F will have food and drinks available to purchase for lunch. Students will need to bring a bottle of water and their lunch for the day.

Students will need to bring the following for the day. **Please make sure everything has the student's name on it.**

- Hat
- Water Bottle
- Lunch or Money to buy from the tuckshop (P & F run)
- Swimmers
- Swim Shirts (These can be taken off before racing and placed back on immediately after race.)
- Towels
- Goggles
- Thongs for feet
