Welcome to all parents and children. As a Catholic Prep, we wish to foster an environment of Christian love and understanding – a place where children and adults can grow in knowledge of God's love for them, and in love and concern for others. We are glad to have the opportunity to work with you, as we believe that education is a combined venture of the child, parents, teacher and the whole community. For all matters concerning your child, please do not hesitate to speak to the teacher.
